

Reviewing Process for ISPRS Congress 2016, Prague

Author/Submitter Guidelines

Possibilities of submission:

ABSTRACT type submission
FULL PAPER type submission

INTRODUCTION

Paper handling electronically via the Congress's ConfTool. Use the link www.isprs2016-prague.com.

1. ABSTRACT type submission

Explanation:

Submitted Abstract is reviewed
Final paper will be in the ISPRS **Archives**

Archives

The International Archives of the Photogrammetry, Remote Sensing and Spatial Information Sciences is the series of peer-reviewed proceedings published by the International Society of Photogrammetry and Remote Sensing (ISPRS).

Since 2011, the Archives are published under the Creative Common Attribution 3.0 License, see publications.copernicus.org/for_authors/license_and_copyright.html for details.

The Archives are listed in the ISI Conference Proceedings Citation Index (CPCI) of the Web of Science, SCOPUS, and DOAJ.

Abstract submission

Authors are requested to submit their abstract to the

- Technical Session – determined by WG (of an appropriate TC),
- or Theme Session,
- or Special Session

they believe the submission best fits into. The abstracts are then automatically forwarded to the corresponding session.

The recommended number is 350-400 words, maximum number of the abstract is 1500 words.
The abstract must be PDF only.

Deadlines:

7th January 2016 - Abstract submission

21st February 2016: Author is notified about acceptance

10th March 2016: Author is notified about the paper session in the program – oral/interactive session

9th April 2016: Final full paper delivery

14th April 2016: Early Bird registration fee payment for the paper to be included in the ISPRS Archives

2. FULL PAPER type submission

Explanation

Submitted Full Paper is double blind reviewed
Final paper will be in The ISPRS **Annals**

Annals

The ISPRS Annals of the Photogrammetry, Remote Sensing and Spatial Information Sciences contain full paper double-blind peer-reviewed scientific contributions of ISPRS Congresses, Symposia and a number of Conferences and Workshops. The series was newly established in 2012.

The Annals are open access publications, they are published under the Creative Common Attribution 3.0 License, see publications.copernicus.org/for_authors/license_and_copyright.html for details.

The Archives are listed in the ISI Conference Proceedings Citation Index (CPCI) of the Web of Science, SCOPUS, and DOAJ.

Full Paper submission

Authors are requested to submit their Full Paper to the

- Technical Session – determined by WG (of an appropriate TC),
- or Theme Session,
- or Special Session

they believe the submission best fits into.

Deadlines:

13th December 2015: Full Paper submission

21st February 2016: Author is notified about acceptance

10th March 2016: Author is notified about the paper session in the programme – oral/interactive session

9th April 2016: Final Paper delivery

14th April 2016: Early Bird registration fee payment for the paper to be included in the ISPRS Archives

For all other issues, incl. a possible conflict of interest, the rules of the Orange Book apply.

3. Number of submissions per author

No limit for the number of **submissions** per submitter.

Limit on the **registration** level - one presented paper = one registration fee.

Exception: If a presenter of an invited paper also presents a regular paper, he/she only pays one registration fee.

By submitting an abstract or a full paper, the authors agree that if the paper is accepted, at least **one of the authors** will **register** for the Congress (before 14 April 2016) and present the paper there.

4. Recommendations for Authors

Full Papers

Each author should take into account that reviewers will look for answers to the following questions in Full Papers:

- **Innovation**

Does the paper contain original work? Has related work been properly credited?

- **Quality of content**

Are the employed methods appropriate? Are facts and interpretation duly separated? Are results assessed? Are the interpretations and conclusions justified by the data? Are equations correct?

- **Relevance**

Does the subject fit within the call for papers? Do the results have a practical relevance? Will results impact other research?

- **Presentation**

Is the paper well written and well structured? Are figures well readable? Are the references complete? Is the paper formatted according to the author guidelines?

Abstracts

Each author should take into account that reviewers will look for answers on following questions in Abstracts:

- **Innovation**

Does the abstract indicate original work?

- **Quality of content**

Is the abstract informative, i.e. does it describe a problem, solution and assessment of results?

- **Relevance**

Does the subject fit within the call for papers? Do the results have a practical relevance? Will results impact other research?

- **Presentation**

Is the abstract well written?

Paper Template

Templates for the papers to be submitted can be found on the ISPRS web site at <http://www.isprs.org/documents/orangebook/app5.aspx>

For full paper submission make sure to anonymise your paper as described in the template text.

Lena Halounová, Congress Director
